The results of operations presented in these interim condensed consolidated financial statements are unaudited and are not necessarily indicative of the results to be expected for the full fiscal year.

These interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto contained in the Company's fiscal year 2023 Annual Report on Form 10-K for the year ended December 31, 2023 (the "2023 Annual Report") filed with the SEC on March 21, 2024. The consolidated balance sheet as of December 31, 2023 was derived from the audited consolidated financial statements contained in the 2023 Annual Report.

## Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Significant items subject to such estimates include, but are not limited to, the valuation of equity method investments, incentive fee revenue recognition, and the valuation of deferred tax assets. Assumptions made in the development of these estimates contemplate both the macroeconomic landscape and the Company's anticipated results, however actual results may differ materially from these estimates.

## Recent Accounting Pronouncements - Adopted

In March 2023, the FASB issued ASU 2023-01, "Leases (Topic 842) – Common Control Arrangements." This guidance amends certain provisions of ASC 842, specifically those that apply to leasing arrangements between related parties under common control. The standard is effective for fiscal years beginning after December 15, 2023, and early adoption was permitted. The Company adopted the standard effective January 1, 2024 and determined that adoption of the standard had no material impact on its consolidated financial statements and related disclosures.

## Recent Accounting Pronouncements - Not Yet Adopted

In October 2023, the FASB issued ASU 2023-06, "Disclosure Improvements – Codification Amendments in Response to the SEC's Disclosure Update and Simplification Initiative." This guidance affects a wide variety of topics in the Codification. The effective date for each amendment will be the date on which the removal of the respective related disclosures from Regulation S-X or Regulation S-K becomes effective. Early adoption is prohibited. The Company does not expect the adoption of this standard to have a material impact on the Company's consolidated financial statements and related disclosures.

In November 2023, the FASB issued ASU 2023-07, "Segment Reporting (Topic 280): Improving Reportable Segment Disclosures." This guidance is intended to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant expenses. The standard requires disclosures to include significant segment expenses that are

regularly provided to the chief operating decision maker ("CODM"), a description of other segment items by reportable segment, and any additional measures of a segment's profit or loss used by the CODM when deciding how to allocate resources. The standard also requires all annual disclosures currently required by ASC Topic 280 to be included in interim periods. This standard is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted and requires retrospective application to all prior periods presented in the financial statements. The Company is currently evaluating the impact of this standard on its consolidated financial statements and related disclosures.

In December 2023, the FASB issued ASU 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures." This guidance is a final standard on improvements to income tax disclosures and requires disaggregated information about a reporting entity's effective tax rate reconciliation as well as information on income taxes paid. This standard is effective for fiscal years beginning after December 15, 2024, with early adoption permitted and should be applied prospectively. The Company is currently evaluating the impact of this standard on its consolidated financial statements and related disclosures.

#### Investors X

In April 2019, the Company entered into a master transfer agreement with CP Real Estate Services, LC ("CPRES"), an entity owned by Comstock's Chief Executive Officer Christopher Clemente, that entitled the Company to priority distribution of residual cash flow from its Class B membership interest in Comstock Investors X, L.C. ("Investors X"), an unconsolidated variable interest entity that owns the Company's residual homebuilding operations. As of June 30, 2024, all residential lots have been sold. The proceeds from the sales will be released as land development work associated with these projects is completed. (See Note 12 for additional information).

## The Hartford

In December 2019, the Company entered into a joint venture with Comstock Partners, LC ("CP"), an entity controlled by Mr. Clemente and wholly owned by Mr. Clemente and certain family members, to acquire The Hartford Building ("The Hartford"), a Class-A office building adjacent to Clarendon Station on Metro's Orange Line in Arlington County, Virginia. Built in 2003, the 211,000 square foot LEED gold-certified, mixed-use building is located in the premier Rosslyn-Ballston corridor. In February 2020, the Company arranged for DivcoWest to purchase a majority ownership stake in The Hartford and secured a \$87.0 million loan facility from MetLife. As part of the transaction, the Company entered into asset management and property management agreements to manage the property in exchange for market-rate fees, for which it recognized \$0.2 million and \$0.5 million of revenue for the three and six months ended June 30, 2024, respectively. Fair value of the property is determined on a quarterly basis using an income approach and sales comparable approach model. As of June 30, 2024, the Company's ownership interest in the Hartford was 2.5%. (See Note 12 for additional information).

#### **BLVD** Forty Four

In October 2021, the Company entered into a joint venture with CP to acquire a stabilized 15-story, luxury high-rise apartment building in Rockville, Maryland that was rebranded as BLVD Forty Four. Built in 2015 and located one block from the Rockville Station on Metro's Red Line in the heart of the I-270 Technology and Life Science Corridor, the 263-unit mixed use property includes approximately 16,000 square feet of retail and a commercial parking garage. In connection with the transaction, the Company received an acquisition fee and is entitled to receive investment related income and promote distributions in connection with its equity interest in the asset. The Company also provides asset, residential, retail and parking property management services for the property in exchange for market-rate fees, for which it recognized \$0.3 million and \$0.7 million of revenue for the three and six months ended June 30, 2024, respectively. Fair value of the property is determined on a quarterly basis using an income approach and sales comparable approach model. As of June 30, 2024, the Company's ownership interest in BLVD Forty Four was 5.0%. (See Note 12 for additional information).

#### RI VD Ansol

In March 2022, the Company entered into a joint venture with CP to acquire BLVD Ansel, a newly completed 18-story, luxury high-rise apartment building with 250 units located adjacent to the Rockville Metro Station and BLVD Forty Four in Rockville, Maryland. BLVD Ansel features approximately 20,000 square feet of retail space, 611 parking spaces, and expansive amenities including multiple private workspaces designed to meet the needs of remoteworking residents. In connection with the transaction, the Company received an acquisition fee and is entitled to receive investment related income and promote distributions in connection with its equity interest in the asset. The Company also provides asset, residential, retail and parking property management services for the property in exchange for market-rate fees, for which it recognized \$0.3 million and \$0.6 million of revenue for the three and six months ended June 30, 2024, respectively. Fair value is determined on a quarterly basis using an income approach and sales comparable approach model. As of June 30, 2024, the Company's ownership interest in BLVD Ansel was 5.0%. (See Note 12 for additional information).

The following table below summarizes the activity of the Company's unconsolidated investments in real estate ventures that are reported at fair value (in thousands):

This investment property sits adjacent to BLVD Ansel and BLVD Forty-Four and is currently a surface parking lot. Comstock 41 has existing entitlements for at least 117 dwelling units and approximately 11,000 square feet of retail space. (See Note 12 for additional information).

#### Other Investments

In addition, the Company has a joint venture with Superior Title Services, Inc. ("STS") to provide title insurance to its clients. The Company records this co-investment using the equity method of accounting and adjusts the carrying value of the investment for its proportionate share of net income and distributions. The carrying value of the STS investment is recorded in "other assets" on the Company's consolidated statement of balance sheets. The Company's proportionate share of STS net income and distributions are recorded in gain (loss) on real estate ventures in the consolidated statements of operations and was immaterial for the six months ended June 30, 2024 and 2023.

#### 4. Leases

The Company has operating leases for office space leased in various buildings for its own use. The Company's lease typically have terms ranging from 5 to 10 years. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants. Lease costs related to the Company's operating leases are primarily reflected in "cost of revenue" in the consolidated statements of operations, as they are a reimbursable cost under the Company's respective asset management agreements. (See Note 12 for additional information).

The following table summarizes operating lease costs, by type (in thousands):

	Th	ree Months	une 30,	S	Six Months E	nded Ju	ne 30,

## 5. Debt

In March 2020, the Company entered into a five-year Revolving Capital Line of Credit Agreement with CPRES, pursuant to which the Company secured a \$10.0 million capital line of credit with a variable interest rate of the Wall Street Journal Prime Rate plus 1.00% per annum (the "Credit Facility"). As of June 30, 2024, the full balance of the Credit Facility remained available for use up through the March 19, 2025 expiration date, and the Company had no outstanding debt or financing arrangements for which future payments are due.

## 6. Commitments and Contingencies

The Company maintains certain non-cancelable operating leases that contain various renewal options. (See Note 4 for additional information).

The Company is subject to litigation from time to time in the ordinary course of business; however, the Company does not expect the results, if any, to have a material adverse impact on its results of operations, financial position, or liquidity. The Company records a contingent liability when it is both probable that a liability has been incurred and the amount can be reasonably estimated; however, the Company is not aware of any reasonably possible losses that would have a material impact on its results of operations, financial position, or liquidity. The Company expenses legal defense costs as they are incurred.

#### 7. Fair Value Disclosures

As of June 30, 2024, the carrying amount of cash and cash equivalents, accounts receivable, other current assets, and accounts payable approximated fair value because of the short-term nature of these instruments.

As of June 30, 2024, deferred compensation plan assets, which are Company-funded investments that are meant to correlate with participant-directed hypothetical investments in stock and bond mutual funds, are measured using quoted prices in active markets based on the market price per unit multiplied by the number of units held (Level 1). Corresponding deferred compensation plan liabilities reflect the fair value of the aforementioned hypothetical investments and are based on inputs derived principally from observable market data (Level 2) through their direct correlation with the deferred compensation plan assets.

As of June 30, 2024, the Company had certain equity method investments in real estate ventures that it elected to record at fair value using significant unobservable inputs (Level 3). (See Note 3 for additional information).

The Company may also value its non-financial assets and liabilities, including items such as long-lived assets, at fair value on a non-recurring basis if it is determined that impairment has occurred. Such fair value measurements typically use significant unobservable inputs (Level 3), unless a quoted market price (Level 1) or quoted prices for similar instruments, quoted prices for identical or similar instruments in inactive markets, or amounts derived from valuation models (Level 2) are available.

#### 8. Stockholders' Equity

#### Common Stock

The Company's certificate of incorporation authorizes the issuance of Class A common stock and Class B common stock, each with a par value of \$0.01 per share. Holders of Class A common stock and Class B common stock are entitled to dividends when, as and if, declared by the Company's board of directors, subject to the rights of the holders of all classes of stock outstanding having priority rights to dividends. Holders of Class A common stock are entitled to one vote per share and holders of Class B common stock are entitled to fifteen votes per share. Shares of our Class B common stock are convertible into an equivalent number of shares of our Class A common stock upon transfer. As of June 30, 2024, the Company had not declared any dividends.

## Stock-based Compensation

On February 12, 2019, the Company approved the 2019 Omnibus Incentive Plan (the "2019 Plan"), which replaced the 2004 Long-Term Compensation Plan (the "2004 Plan"). The 2019 Plan provides for the issuance of stock options, stock appreciation rights ("SARs"), restricted stock, restricted stock units, dividend equivalents, performance awards, and stock or other stock-based awards. The 2019 Plan mandates that all lapsed, forfeited, expired, terminated, cancelled and withheld shares, including those from the predecessor plan, be returned to the 2019 Plan and made available for issuance. The 2019 Plan originally authorized 2.5 million shares of the Company's Class A common stock for issuance. As of June 30, 2024, there were 1.3 million shares of Class A common stock available for issuance under the 2019 Plan.

During the three and six months ended June 30, 2024, the Company recorded stock-based compensation expense of \$0.3 million and \$0.5 million, respectively. During the three and six months ended June 30, 2023, the Company recorded stock-based compensation expense of \$0.3 million and \$0.5 million, respectively. Stock-based compensation costs are included in selling, general, and administrative expense on the Company's consolidated statements of operations. As of June 30, 2024, there was \$1.3 million of total unrecognized stock-based compensation, which is expected to be recognized over a weighted-average period of 2.0 years.

#### Restricted Stock Units

Restricted stock unit ("RSU") awards granted to employees are subject to continued employment and generally vest in four annual installments over the four-year period following the grant dates. The Company also grants certain RSU awards to management that contain additional vesting conditions tied directly to a defined performance metric for the Company ("PSUs"). The actual number of PSUs that will vest can range from 60% to 120% of the original grant target amount, depending upon actual Company performance below or above the established performance metric targets. The Company estimates performance in relation to the defined targets when calculating the related stock-based compensation expense.

The following table summarizes all restricted stock unit activity (in thousands, except per share data):

	RSUs Outstanding	Grant	ed-Average Date Fair Value
Balance as of December 31, 2023	671	\$	3.42

The total intrinsic value of RSUs that vested during the six months ended June 30, 2024 and 2023 was \$1.2 million and \$1.1 million, respectively.

## Stock Options

Non-qualified stock options generally expire 10 years after the grant date and, except under certain conditions, the options are subject to continued employment and vest in four annual installments over the four-year period following the grant dates.

The following table summarizes all stock option activity (in thousands, except per share data and time periods):

	Options Outstanding	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value

The total intrinsic value of stock options exercised during the six months ended June 30, 2024 was immaterial. There were no stock options exercised in 2023.

## 9. Revenue

All of the Company's revenue for the three and six months ended June 30, 2024 and 2023 was generated in the United States.

The following tables summarize the Company's revenue by line of business, customer type, and contract fee type (in thousands):

<sup>(1)</sup> Certain contracts contain multiple revenue streams with characteristics that lend to classification in more than one category

## 10. Income Taxes

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Prior to 2019, the Company had recorded valuation allowances for certain tax attributes and deferred tax assets due to the existence of sufficient uncertainty regarding the future realization of those deferred tax assets through future taxable income. Based on its recent financial performance and current forecasts of future operating results, the Company conducts a quarterly analysis to determine if it is more likely than not that a portion of the deferred tax assets related to its net operating loss carryforwards will be utilized in future periods. The Company's effective tax rate in any given period is directly impacted by the timing and magnitude of any partial valuation allowance releases.

The Company's effective tax rates for the three and six months ended June 30, 2024 and 2023 differ from the U.S. federal statutory tax rate of 21%, primarily due to impact of state income taxes and stock compensation shortfall/windfall adjustments.

#### 11. Net Income (Loss) Per Share

The following table sets forth the calculation of basic and diluted net income (loss) per share (in thousands, except per share data):

	Three Months Ended June 30,				Six Months Ended June 30,

## 12. Related Party Transactions

#### Asset Management Agreements

In June 2022, CHCI Asset Management, L.C. ("CAM"), an entity wholly owned by the Company, entered into a new master asset management agreement with CP (the "2022 AMA") that superseded in its entirety the previous asset management agreement between CAM and CPRES dated April 30, 2019 (the "2019 AMA"). Entry into the 2022 AMA was unanimously approved by the independent directors of the Company.

Consistent with the structure of the 2019 AMA, the 2022 AMA engages CAM to manage and administer CP's commercial real estate portfolio (the "Anchor Portfolio") and the day to-day operations of CP and each property-owning subsidiary of CP (collectively, the "CP Entities"). CAM will provide investment advisory, development, and asset management services necessary to build out, stabilize and manage the Anchor Portfolio, which currently consists primarily of two of the larger transit-oriented, mixed-use developments located on Washington D.C. Metro's Silver Line (Reston Station and Loudoun Station) that are owned by CP Entities and ultimately controlled by Mr. Clemente.

Pursuant to the fee structures set forth in the 2022 AMA, CAM is entitled to receive an annual payment equal to the greater of the "Cost-Plus Fee" or the "Market Rate Fee". The Cost-Plus Fee is equal to the sum of (i) the comprehensive costs incurred by or for providing services to the Anchor Portfolio, (ii) the costs and expenses of the Company related to maintaining the listing of its shares on a securities exchange and complying with regulatory and reporting obligations of a public company, and (iii) a fixed annual payment of \$1.0 million. The Market Rate Fee calculation is defined in the 2022 AMA as the sum of the fees detailed in the following table:

Description	2022 AMA Fees
Asset Management Fee	2.5% of Anchor Portfolio revenue
Entitlement Fee	15% of total re-zoning costs
Development and Construction Fee	5% of development costs (excluding previously charged Entitlement Fees)
Property Management Fee	1% of Anchor Portfolio revenue
Acquisition Fee	1% on first \$50 million of purchase price; 0.5% above \$50 million
Disposition Fee	1% on first \$50 million of sale price; 0.5% above \$50 million

In addition to the annual payment of either the Market Rate Fee or the Cost-Plus Fee, CAM is also entitled on an annual basis to receive certain supplemental fees, as detailed for the respective asset management agreements in the following table:

Description	2022 AMA
Incentive Fee	When receiving Market Rate Fee: On a mark-to-market basis, equal to 20% of the imputed profit of certain real estate assets comprising the Anchor Portfolio for which a Triggering Event <sup>(1)</sup> has occurred, after calculating a compounding preferred return of 8% on CP invested capital (the "Market Incentive Fee")  When receiving the Cost-Plus Fee: On a mark-to-market basis, an incentive fee equal to 10% of the imputed profit of certain real estate assets comprising the Anchor Portfolio for which a Triggering Event <sup>1</sup> has occurred, after calculating a compounding preferred return of 8% on CP invested capital (the "Base Incentive Fee")
Investment Origination Fee	1% of raised capital
Leasing Fee	\$1/per sqft. for new leases and \$0.50/per sqft. for lease renewals
Loan Origination Fee	1% of any Financing Transaction or other commercially reasonable and mutually agreed upon fee

Triggering events are differentiated between operating assets (i.e. those already in service) and assets under development. Operating asset triggering events are scheduled for specific dates, whereas triggering events for assets under development are tied to various metrics that indicate stabilization, such as occupancy and leasing rates.

The 2022 AMA will terminate on January 1, 2035 ("Initial Term"), and will automatically renew for successive additional one year terms (each an "Extension Term") unless CP delivers written notice of non-renewal of the 2022 AMA at least 180 days prior to the termination date of the Initial Term or any Extension Term. Twenty-four months after the effective date of the 2022 AMA, CP is entitled to terminate the 2022 AMA without cause upon 180 days advance written notice to CAM. In the event of such a termination and in addition to the payment of any accrued annual fees due and payable as of the termination date under the 2022 AMA, CP is required to pay a termination fee equal to two times the Cost-Plus Fee or Market Rate Fee paid to CAM for the calendar year immediately preceding the termination.

## Residential, Commercial, and Parking Property Management Agreements

The Company entered into separate residential property management agreements with properties owned by CP Entities under which the Company receives fees to manage and operate the properties, including tenant communications, leasing of apartment units, rent collections, building maintenance and day-to-day operations, engagement and supervision of contractors and vendors providing services for the buildings, and budget preparation and oversight.

The Company entered into separate commercial property and parking management agreements with several properties owned by CP Entities under which the Company receives fees to manage and operate the office and retail portions of the properties, including tenant communications, rent collections, building maintenance and day-to-day operations, engagement and supervision of contractors and vendors providing services for the buildings, and budget preparation and oversight. These property management agreements each have initial terms of one year with successive, automatic one-year renewal terms. The Company generally receives base management fees under these agreements based upon a percentage of gross rental revenues for the portions of the buildings being managed in addition to reimbursement of specified expenses, including employment expenses of personnel employed by the Company in the management and operation of each property.

#### **Construction Management Agreements**

The Company has construction management agreements with properties owned by CP Entities under which the Company receives fees to provide certain construction management and supervision services, including management of tenant buildouts and casualty event remediation and restoration. The Company typically receives a construction management fee that is set forth in the applicable tenant's lease or executed work authorization and based on a percentage of the total costs (or total hard costs) of the project.

#### Lease Procurement Agreements

The Company has lease procurement agreements with properties owned by CP Entities under which the Company receives certain finders' fees in connection with the procurement of new leases for such properties where an external broker is not engaged on behalf of the CP Entities. Such leasing fees are supplemental to the fees generated from the Company's management agreements referenced above and are generally 1-2% of the future lease payments to be received by the CP Entity from the executed lease.

#### **Business Management Agreements**

On April 30, 2019, CAM entered into a Business Management Agreement with Investors X, whereby CAM provides Investors X with asset and professional services related to the wind down of the Company's divested homebuilding operations and the continuation of services related to the Company's divested land development activities. The aggregate fee payable to CAM from Investors X under the Business Management Agreement, which ended on December 31, 2022, was \$0.9 million payable in 15 quarterly installments of \$0.1 million each. The Company considers Investors X to be a variable interest entity over which it does not have the power to direct activities that most significantly impact economic performance, therefore it is not the primary beneficiary of Investors X and does not have to consolidate the entity into its financial results. (See Note 3 for additional information).

On July 1, 2019, CAM entered into a Business Management Agreement (the "BC Management Agreement") with CPRES, whereby CAM provides CPRES with professional management and consultation services, including, without limitation, consultation on land development and real estate transactions, for a residential community located in Monteverde, Florida. On January 1, 2023, a successor contract for the BC Management Agreement was executed by DCS Real Estate Investments, LC, an entity controlled by a member of CP. The BC Management Agreement is structured in successive renewable one-year terms. The BC Management Agreement provides that DCS Real Estate Investments, LC will pay CAM an annual management fee equal to \$0.4 million, payable in equal monthly installments and will reimburse CAM for certain expenses.

On February 1, 2024, CAM entered into a Business Management Agreement (the "SH Management Agreement") with Springfield Holdings, LLC ("Springfield"), an entity controlled by a member of CP, whereby CAM provides Springfield with professional management and consultation on land development and real estate transactions for a residential community located in Ranson, West Virginia. The initial term of the SH Management Agreement expires on December 31, 2024 with automatic one-year renewals. The SH Management Agreement provides that Springfield will reimburse CAM for certain immaterial title, survey, and architectural expenses at cost.

## The Hartford

In December 2019, the Company made an investment related to the purchase of The Hartford, a stabilized commercial office building located at 3101 Wilson Boulevard in the Clarendon area of Arlington, Virginia. In conjunction with the investment, the Company entered into an operating agreement with CP to form Comstock 3101 Wilson, LC, to purchase The Hartford. Pursuant to the Operating Agreement, the Company held a minority membership interest of The Hartford and the remaining membership interests of The Hartford are held by CP.

In February 2020, the Company, CP and DWF VI 3101 Wilson Member, LLC ("DWF"), an unaffiliated, third party, equity investor in the Hartford, entered into a limited liability company agreement (the "DWC Operating Agreement") to form DWC 3101 Wilson Venture, LLC ("DWC") to, among other things, acquire, own and hold all interests in The Hartford. In furtherance thereof, on February 7, 2020, the Original Operating Agreement was amended and restated (the "A&R Operating Agreement") to memorialize the Company's and CP's assignment of 100% of its membership interests in The Hartford to DWC. As a result thereof, DWC is the sole member of the Hartford Owner. The Company and CP, respectively, hold minority membership interests in, and DWF holds the majority membership interest in, DWC. (See Note 3 for additional information).

## BLVD Forty Four/BLVD Ansel

In October 2021 and March 2022, the Company entered into joint ventures with CP to acquire BLVD Forty Four and BLVD Ansel, respectively, two adjacent mixed-use luxury high-rise apartment buildings located near the Rockville Metro Station in

Rockville, Maryland. The Company considers BLVD Forty Four and BLVD Ansel to be variable interest entities upon which it exercises significant influence; however, considering key factors such as the Company's ownership interest and participation in policy-making decisions by majority equity holders, and oversight of management services by majority equity holders, the Company concluded that the power to direct activities that most significantly impact economic performance is shared. Given that the Company is not the entity most closely associated with the properties, it concluded that it is not the primary beneficiary and does not have a controlling financial interest in either property. (See Note 3 for additional information).

In conjunction with the acquisition of Comstock 41, the Company entered into an amendment to the existing asset management agreement with CP to introduce an acquisition pursuit fee of \$0.1 million and contingent entitlement success fee to pursue potential relocation of moderately-priced dwelling units ("MPDUs") from BLVD Forty Four to Comstock 41. The acquisition pursuit fee was earned and recognized as revenue for the year ended December 31, 2023, upon the completion of the Comstock 41 acquisition. The entitlement success fee, if earned, will equal 25% of the economic value created by the relocation of the MPDUs (subject to reasonable agreed upon changes at the time of the calculation) and due upon approval of a finalized amendment to the existing project development plan by local government agencies. (See Note 3 for additional information).

#### Corporate Leases

In November 2020, the Company relocated its corporate headquarters to office space owned and controlled by its Chief Executive Officer Christopher Clemente and his family, pursuant to a ten-year lease agreement. In November 2022, the Company executed a 3,778 square foot lease expansion agreement with terms that align with the original agreement. In January 2022, ParkX Management, LC, a subsidiary of the Company, entered into a separate five-year lease agreement with an affiliate controlled and owned by Mr. Clemente and his family to host ParkX's specialized remote monitoring center operations. (See Note 4 for additional information).

#### Overview

We are a leading asset manager, developer, and operator of mixed-use and transit-oriented properties in the Washington, D.C. region. We have become the area's premier real estate service company by creating extraordinary places, delivering exceptional experiences, and generating excellent results for all stakeholders.

We provide a comprehensive suite of real estate services to our asset-owning clients, including asset management, property management, development and construction management, and more. Our client base is composed primarily of institutional real estate investors, high net worth family offices, financial institutions, and governmental bodies seeking to develop real estate they own through public-private partnerships. We employ a talented staff of real estate professionals that are led by our seasoned management team and are tasked with delivering high-quality services to the premium, strategically located assets in our managed portfolio.

We primarily operate under long-term asset management and property management agreements that provide recurring fee-based revenue streams. Our asset management services platform is anchored by a long-term, full-service asset management agreement with an affiliate that includes a cost-plus fee structure and covers all of the properties in our Anchor Portfolio (the "2022 AMA" - see below for additional details). As a vertically integrated real estate services company, we perform all property management services through three wholly owned subsidiaries: CHCI Commercial, CHCI Residential, and ParkX Management ("ParkX"). All properties included in our managed portfolio have entered into property management agreements with our operational subsidiaries that provide for market-rate fees related to our services.

Our asset-light, debt-free business model allows us to substantially mitigate risks that are typically associated with real estate development and operation. The fee-based approach we have adopted helps drive consistent, predictable top-line growth and provides us with a streamlined balance sheet that grants us maximum flexibility to explore potential growth opportunities outside of our core business operations.

We distinguish ourselves from industry peers through an established standard of excellence that extends from who we hire to how we deliver our broad suite of real estate services. We are able maintain this high standard because We Show Up - every day, in person, in a collaborative environment that is structured to deliver on our mission to make a difference for our customers, our stakeholders, and in the communities that we serve.

## Comstock 41 - Additional Information

Given its proximity to BLVD 44, we plan to explore rezoning opportunities at Comstock 41 that would allow for potential relocation of moderately-priced dwelling units from BLVD 44 to Comstock 41 as well as utilization of excess parking capacity at both BLVD 44 and BLVD Ansel. In conjunction with the acquisition, we entered into a contingent fee agreement with BLVD 44 should these pursuits prove successful (See Note 12 in the Notes to Condensed Consolidated Financial Statements for additional information).

We intend to maintain a limited financial role in any future development activities that may occur at this site and plan to only offer fee-based development and asset management services to any affiliate or suitable third-party financial sponsor of any potential future developments.

#### Outlook

Our management team is committed to executing our goal to provide exceptional experiences to those we do business with while maximizing shareholder value. We believe that we are properly staffed for current market conditions and the foreseeable future and feel that we will maintain the ability to manage risk and pursue opportunities for additional growth as market conditions warrant. Our real estate development and asset management operations are primarily focused on the greater Washington, D.C. area, where we believe our decades of experience provides us with the best opportunity to continue developing, managing, and investing in high-quality real estate assets and capitalizing on positive growth trends.

We aspire to be among the most admired real estate asset managers, operators, and developers by creating extraordinary places, providing exceptional experiences, and generating excellent results for all stakeholders. Also contributing to the increase was a \$0.3 million net increase in supplemental leasing and development fees due to increased activity compared to 2023.

#### Operating costs and expenses

The following table summarizes operating costs and expenses (in thousands):

	Three Months Ended June 30,				Change

Total other income (expense)	\$	76	\$	(21)	\$	97	(461.9)%	

Other income (expense) changed by \$0.1 million in 2024, primarily driven by a \$0.2 million net increase in interest income stemming from interest earned on money market sweep accounts that were not active in 2023, partially offset by a combined \$0.1 million increase in expense stemming from a net mark-to-market valuation decrease from equity method investments in real estate ventures and a comparative decrease in other income.

#### Income tax

Provision for income tax was \$0.4 million in 2024, compared to \$0.1 million in 2023. The \$0.3 million increase primarily stems from a \$0.7 million increase in pre-tax income as well as a slightly higher annualized estimated tax rate in the current period.

#### Comparison of the Six Months Ended June 30, 2024 and 2023

Operating costs and expenses increased 10.0% in 2024. The \$1.7 million increase was primarily due to a \$1.2 million net increase in personnel expenses stemming from increased headcount and employee compensation and a \$0.3 million increase in reimbursable expenses.

#### Other income (expense)

The following table summarizes other income (expense) (in thousands):

	 Six Months E	Inded Ju		<b>Change</b>

#### Income taxes

Provision for income tax was \$0.6 million in 2024, compared to \$0.3 million in 2023. The \$0.3 million increase primarily stems from a \$0.9 million increase in pre-tax income as well as a slightly higher annualized estimated tax rate in the current period.

## **Non-GAAP Financial Measures**

To provide investors with additional information regarding our financial results, we prepare certain financial measures that are not calculated in accordance with generally accepted accounting principles in the United States ("GAAP"), specifically Adjusted EBITDA.

We define Adjusted EBITDA as net income (loss) from continuing operations, excluding the impact of interest expense (net of interest income), income taxes, depreciation and amortization, stock-based compensation, and gain (loss) on equity method investments.

We use Adjusted EBITDA to evaluate financial performance, analyze the underlying trends in our business and establish operational goals and forecasts that are used when allocating resources. We expect to compute Adjusted EBITDA consistently using the same methods each period.

We believe Adjusted EBITDA is a useful measure because it permits investors to better understand changes over comparative periods by providing financial results that are unaffected by certain non-cash items that are not considered by management to be indicative of our operational performance.

While we believe that Adjusted EBITDA is useful to investors when evaluating our business, it is not prepared and presented in accordance with GAAP, and therefore should be considered supplemental in nature. Adjusted EBITDA should not be considered in isolation, or as a substitute, for other financial performance measures presented in accordance with GAAP. Adjusted EBITDA may differ from similarly titled measures presented by other companies.

The following table presents a reconciliation of net income (loss), the most directly comparable financial measure as measured in accordance with GAAP, to Adjusted EBITDA (in thousands):

	Three Months Ended June 30,					Six Months Ended June 30,				
	2024		2023		2024		2023			
Net income (loss)	\$	946	\$	475	\$	1,856	\$	1,229		
Interest income		(166)		_		(307)		_		
Income taxes		357		147		567		303		
Depreciation and amortization		73		71		141		138		
Stock-based compensation		290		266		536		504		
(Gain) loss on real estate ventures		101		68		294		479		
Adjusted EBITDA	\$	1,601	\$	1,027	\$	3,087	\$	2,653		

The increases in Adjusted EBITDA for the three and six months ended June 30, 2024 are primarily driven by the significant increases in recurring feebased property and parking management revenue in 2024.

## **Liquidity and Capital Resources**

Liquidity is defined as the current amount of readily available cash and the ability to generate adequate amounts of cash to meet the current needs for cash. We assess our liquidity in terms of our cash and cash equivalents on hand and the ability to generate cash to fund our operating activities.

Our principal sources of liquidity as of June 30, 2024 were our cash and cash equivalents of \$17.4 million and our \$10.0 million of available borrowings on our credit facility.

Significant factors which could affect future liquidity include the adequacy of available lines of credit, cash flows generated from operating activities, working capital management and investments.

Our primary capital needs are for working capital obligations and other general corporate purposes, including investments and capital expenditures. Our primary sources of working capital are cash from operations and distributions from investments in real estate ventures. We have historically financed our operations with internally generated funds and, more rarely and only when necessary, borrowings from our credit facilities. (See Note 5 in the Notes to Condensed Consolidated Financial Statements for additional information). We believe we currently have adequate liquidity and availability of capital to fund our present operations.

#### Cash Flows

The following table summarizes our cash flows for the periods indicated (in thousands):

		Six Months E			
	<u> </u>	2024	Change (\$)		
Net cash provided by (used in) operating activities	\$	(967)	\$ (2,373)	\$	1,406
Net cash provided by (used in) investing activities		51	72		(21)
Net cash provided by (used in) financing activities		(441)	(390)		(51)
Net increase (decrease) in cash and cash equivalents	\$	(1,357)	\$ (2,691)	\$	1,334

#### Operating Activities

The \$1.4 million decrease in net cash used in operating activities was primarily driven by a \$0.7 million increase in net income after adjustments for non-cash items and a \$0.7 million incremental cash inflow stemming from changes to our net working capital. The net working capital increase was primarily influenced by increased accounts receivable collections and non-qualified deferred compensation accruals. Our operating cash activity in both periods presented resulted in a net use of cash due primarily to the scheduled first quarter payout of year-end bonus accruals.

#### **Investing Activities**

Net cash provided by investing activities was relatively flat in 2024 due to a \$0.3 million increase in purchases of securities to fund non-qualified deferred compensation plan liabilities that was offset by a \$0.3 million increase in distributions received from investments in real estate ventures.

#### Financing Activities

The \$0.1 million increase in net cash used in financing activities was due to a \$0.1 million increase in cash paid for taxes related to the net share settlement of equity awards.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not Applicable.

#### Item 4. Controls and Procedures

#### **Evaluation of Disclosure Controls and Procedures**

As of June 30, 2024, management, including the CEO and CFO, performed an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (the "Exchange Act")).

Based on that evaluation, management, including the CEO and CFO, concluded that as of June 30, 2024, our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our CEO and CFO, as appropriate to allow timely decisions regarding required disclosure. We maintain a system of internal control over financial reporting that is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles in the United States.

## **Changes in Internal Control over Financial Reporting**

There have been no material changes to our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended June 30, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

#### **Limitations on the Effectiveness of Controls**

In designing and evaluating the disclosure controls and procedures, we recognize that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs. We do not expect that our disclosure controls and internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met, therefore internal control over financial reporting may not prevent or detect misstatements.
